

CZECH GRADUATE MANAGEMENT TRAINEE SCHEME

About Us

Gist is a leading UK based supply chain company with a history that spans over 100 years. Gist's 5,000 employees operate from 50+ locations in the UK and continental Europe. Through our extensive network of sites and close partnerships we manage UK, European and global end-to-end supply chains from Europe, Asia, South America and South Africa. Gist is part of the Linde Group allowing us to benefit from global capability, synergy and scale.

We are one of the fastest growing Logistics companies in Europe, supporting some of the biggest names in the perishable industry, including Albert Heijn and M&S Food. It is through our operating centres in the Netherlands, Czech Republic, Austria, France, Ireland and the UK that we service the whole of Europe.

Gist has been operating within the Czech Republic since the 1990's under the name of Gist Trans, employing over 150 people with a focus on transportation for both Ahold and M&S, and continues to grow within this sector.

About you

We are looking for multi-lingual, eager graduates to come and join us, with the aim of becoming one of our **future business managers** within our European business.

Ideally you will already have gained first-hand experience, or have an educational background in Logistics and Transport, however we do accept applications from all degree disciplines. It is our aim to recruit the best people with the best attitudes and we will provide the necessary development for you to be successful on the scheme.

You will need to be **fluent in both Czech and English** (knowledge of French, Dutch or German is also a big asset) and be looking for a fast moving management training scheme that you can really get excited about.

The job is not 9-5 and won't be repetitive – you will be out and about, getting involved and really making an impact on the way we do things to constantly improve our performance. Geographic mobility is important as well as the possession of a full driving licence and a car.

You will need to be extremely driven and motivated, and have a real desire to make a difference. You will also need to share our passion for people, both as a team player and as a future senior manager.

About the role

Our Graduate Management Trainee Scheme consists of an initial 3 day induction in the UK starting on Wednesday 10 September 2014 at our Gist Head Office. During this time you will learn about the business plan, systems and processes. You will then complete various placements over the three

year Management Trainee Scheme within the Czech Republic, UK or Mainland Europe to build your understanding of the business.

You will become a key member of the team, fully understanding our operations, working with key customers and helping to drive business critical projects. You will need to be geographically mobile as your placements could be based anywhere in our network. You will very quickly build up the skills and knowledge you will need to succeed in the logistics industry, manage operations in different environments and constantly face new challenges.

As your graduate scheme develops, you will have the opportunity to take on more responsibility and accountability and make real impact on the business. We will provide you with structured management and support to enable you to flourish.

As graduates progress through the scheme we ensure they are rewarded – through a progressive and competitive salary and benefits package.

What next?

If you have the enthusiasm and leadership potential to thrive in our challenging and rewarding business we would like to hear from you.

To find out more and apply online visit www.gistworld.com/careers.

Application closing date: Friday 27 June 2014

If you have any queries, please get in touch; graduates@gistworld.com

After application screening the next step in the process is a telephone interview. The final step in the process is our assessment centre which will take place on **Tuesday 08 July 2014** in our Czech site based in Olomouc.

Please note that we are only able to accept applications from candidates who are able to commit to both the confirmed Assessment Centre date and start date.
